Subject Index

A

Abscess
  Orbital abscess, 169
Accommodation
  Night myopia, 129
Adrenergic drugs
  Physiology and pharmacology of aqueous humor inflow, 208
Afterimages
  The diagnostic value of fungal autofluorescence, 374
  Nuclear magnetic resonance imaging in neuro-ophthalmology. Demonstration of a pontine glioma, 79
  Pitfalls in computed tomographic evaluation of the cavernous sinus, 293
  Standardized echography in the differentiation of orbital lesions, 226
Ambulatory surgery
  The ambulatory ophthalmic surgery unit: concepts, regulations, and guidelines, 366
Aneurysm
  Visual loss "at stool," 215
Antibiotics
  Tetracyclines in ophthalmology, 265
Antineoplastic agents
  Proliferative vitreoretinopathy and chemotherapeutic agents, 434
Aphakia
  Complications of intraocular lenses. A historical and histopathological review, 1
  Preoperative evaluation of the cataractous patient, 55
Aqueous humor inflow
  Physiology and pharmacology of aqueous humor inflow, 208
Aspiration cytology
  Fine needle aspiration biopsy in ophthalmology, 410
Asthenopia
  Vertical prisms: why avoid them? 70
Astrocytoma
  Tumors of the optic nerve head, 239
Autoenucleation
  Autoenucleation, 179
  Letters, 386
Axenfeld-Rieger syndrome
  Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387
Axenfeld's anomaly
  Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387

B

Bioavailability
  Ocular drug bioavailability from topically applied liposomes, 335
Biomaterials
  Complications of intraocular lenses. A historical and histopathological review, 1
Biopsy
  Fine needle aspiration biopsy in ophthalmology, 410
Bitemporal hemianopia
  Unusual visual symptoms, 297
Blood flow
  Physiology and pharmacology of aqueous humor inflow, 208
Book Reviews
  Animal models of ocular diseases, 378
  Atlas of the peripheral retina, 84
  Cataract surgery: current options and problems, 229
  Clinical ocular pharmacology, 377
  Color and fluorescein angiographic atlas of retinal vascular disorders, 451
  Computerized tomography in orbital disease and neuro-ophthalmology, 229
  Corneal grafting: principles and practice, 450
  Infectious diseases of the eye, 450
  The intraocular lens, 84
  Ophthalmology: a clinical introduction, 85
  Pediatric ophthalmology, 378
  Retinal detachment and allied diseases, volume 1, 85
  YAG laser ophthalmic microsurgery, 307

C

Cataract surgery
  The ambulatory ophthalmic surgery unit: concepts, regulations, and guidelines, 366
  Complications of intraocular lenses. A historical and histopathological review, 1
  Preoperative evaluation of the cataractous patient, 55
Cavernous sinus
  Pitfalls in computed tomographic evaluation of the cavernous sinus, 293
Chlorambucil
  Melting corneas with collapsing nose, 148
Ciliary body
  Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
Clinical Challenges
  The disc that really isn't (hypoplastic disc syndrome), 349
  Lid retraction or no lid retraction in optic neuropathy with proptosis, 443
  Melting cornea with collapsing nose, 148
  Unusual visual symptoms, 297
  Visual loss "at stool," 215
Clinical Pathological Reviews
  Iris melanoma. Nevus or malignancy?, 423
  Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
  Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
  Pyogenic granulomas of the cornea, 188
Cocaine
  Cocaine's use in ophthalmology: our 100-year heritage, 300
Collagen disease
  Melting corneas with collapsing nose, 148
Combined hamartoma
  Tumors of the optic nerve head, 239
Computed tomography
  Pitfalls in computed tomographic evaluation of the cavernous sinus, 293
Conjunctivitis
  Tetracyclines in ophthalmology, 265
Contact lens
  Preoperative evaluation of the cataractous patient, 55
Corneal disorders
  Complications of intraocular lenses. A historical and histopathological review, 1
  Melting cornea with collapsing nose, 148
  Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
  Preoperative evaluation of the cataractous patient, 55
  Pyogenic granulomas of the cornea, 188

Corticosteroids
Lid retraction or no lid retraction in optic neuropathy with proptosis, 443
Melting cornea with collapsing nose, 148
Current Ophthalmology
The 20/20 eye in multiple sclerosis, 381
Aberrant regeneration of the third nerve following orbital trauma. Synkinesis of the iris sphincter, 89
Age and sex distribution of some retinal macular diseases: senile and presenile macular degeneration and central serous retinitis, 385
Anisocoria in untreated open-angle glaucoma, 452
Anterior ischaemic optic neuropathy: recurrent episodes in the same eye, 382
Binocular visual form deprivation in human infants, 159
Cataract extraction in the "Nineties," 162
Central nervous system dysfunction as early sign of neuronal ceroid lipofuscinosis (Batten's disease), 163
Complications of retrobulbar marcaine injection, 236
Cone and rod ERGs in degenerations of central retina, 235
Contusional injuries of the distal optic nerve, 454
Current options in the management of choroidal melanoma, 315
The developing bleb: effect of topical antiprostaglandins on the outcome of glaucoma fistulising surgery, 238
Double-blind placebo-controlled trial of oral acyclovir in first-episode genital herpes simplex virus infection, 457
Earlier trabeculectomy, 383
The effect of radial keratotomy in the rupture strength of pig eyes, 312
Endothelial cell loss in herpes zoster keratouveitis, 384
Eye disease in the West Bank and Gaza Strip, 455
Eye-pressing by visually impaired children, 379
Familial exudative vitreoretinopathy associated with familial thrombocytopathy, 458
A fluorophotometric study of the barrier function in the anterior segment of the eye after intracapsular extraction, 87
Impaired visual flicker discrimination with hypothalmic pituitary disease, 233
Incidence of eye injuries in facial fractures: an analysis of 727 cases, 163
Inhibition of retrograde axoplasmic transport in rat optic nerve by increased IOP in vitro, 314
Innervation of monkey extraocular muscles: Localization of sensory and motor neurons by retrograde transport of horseradish peroxidase, 460
Intracranial optic nerve infarction from subdural hematoma. Clinical and neuropathologic findings, 312
Intraocular foreign body. Principles and problems in the management of complicated cases by pars plana vitrectomy, 88
Intraocular lens implantation: Should we abandon intracapsular surgery, 459
Intraocular lenses versus extended wear contact lenses in aphakic rehabilitation. A controlled clinical study, 161
Leber's congenital amaurosis. Relationship of structural CNS anomalies to psychomotor retardation, 456
Longterm results of trabeculectomy in the Japanese: an analysis by life table method, 236
Macular pucker. I. Prognostic criteria, 87
Monocular visual form deprivation in human infants, 159
Morphologic study of the pathogenesis of retinal cotton wool spots, 165
Nyctometry—a new screening method for selection of patients with simple diabetic retinopathy who are at risk of developing proliferative retinopathy. Result of a 3-year follow-up, 313
The Otago photoscreener, a method for mass screening of infants to detect squint and refractive errors, 232
Pathogenesis of cotton wool patches: a clinical study, 164
Pattern visual evoked potentials and spatial vision in retrobulbar neuritis and multiple sclerosis, 316
Pharmacologic control of cortical plasticity, 232
Postural sway and gait in children with convergent strabismus, 461
Prenatal and postnatal cellularity of the human corneal endothelium. A quantitative histologic study, 310
Prevalence and 15-year incidence of retinopathy and associated characteristics in middle-aged and elderly diabetic men, 311
A prospective follow-up study of panretinal photocoagulation in preventing neovascular glaucoma following ischaemic central retinal vein occlusion, 160
Pseudophakodonesis and corneal endothelial contact: direct observations by high-speed cinematography, 380
Pursuit gaze and the occipitoparietal region. a case report, 453
Regional optic nerve blood flow and its autoregulation, 231
Retinal neovascularization, 309
Retinal vein occlusion: C-reactive protein and arterial hypertension, 457
Severe diabetic retinopathy in adolescence, 86
Steroid responsiveness in connective tissue diseases, 90
Topographical analysis of the cornea: ten caveats in keratorefractive surgery, 383
The treatment of necrotizing scleritis with an autogenous periosteal graft, 234
Vitrectomy in children, 309
Current Research
Physiology and pharmacology of aqueous humor inflow, 208
Retinal neurotransmission, 355
Cytology
Fine needle aspiration biopsy in ophthalmology, 410

D

Dacryoadenitis
The nonspecific orbital inflammatory syndromes, 93
DeMorsier's syndrome
The disc that really isn't (hypoplastic disc syndrome), 349
Diagnostic and Surgical Techniques
Fine needle aspiration biopsy in ophthalmology, 410
Management of orbital inflammatory disease. A protocol, 104
Ocular pneumoplethysmography, 276
Preoperative evaluation of the cataractous patient, 55
Diplopia
Unusual visual symptoms, 297
Drug delivery systems
Ocular drug bioavailability from topically applied liposomes, 335
Ophthalmic drug delivery systems, 117

E

Editorials, 167, 317
Endocrine defects
The disc that really isn't (hypoplastic disc syndrome), 349

F

Federal Trade Commission
What is a profession? The ethical implications of the FTC order and some Supreme Court decisions, 221
Fine needle aspiration biopsy
Fine needle aspiration biopsy in ophthalmology, 410
Fluorescent microscopy
The diagnostic value of fungal autofluorescence, 374
François, Jules
In memoriam: Professor Jules François, 168
Fungal infection
The diagnostic value of fungal autofluorescence, 374

G

Glaucoma
Complications of intraocular lenses. A historical and histopathological review, 1
Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387
Granuloma
Tumors of the optic nerve head, 239

H

Headache
Migraine, 193
Visual loss "at stool," 215
Health care delivery
The ambulatory ophthalmic surgery unit: concepts, regulations, and guidelines, 366
Hemangioma
Tumors of the optic nerve head, 239
History of Ophthalmology
Algernon B. Reese: a biographical sketch, 155
Cocaine's use in ophthalmology: our 100-year heritage, 300
Hyperdeviations
Vertical prisms: why avoid them? 70
Hypoplastic disc
The disc that really isn't (hypoplastic disc syndrome), 349

I

Inflammation
Complications of intraocular lenses. A historical and histopathological review, 1
Management of orbital inflammatory disease. A protocol, 104
Melting corneas with collapsing nose, 148
The nonspecific orbital inflammatory syndromes, 93
Orbital abscess, 169
Intraocular lens
Complications of intraocular lenses. A historical and histopathological review, 1
Preoperative evaluation of the cataractous patient, 55
A Ridley lens successfully implanted since 1953, 230
Intraocular lens power calculation
Preoperative evaluation of the cataractous patient, 55
Intraocular pressure
Ocular pneumoplethysmography, 276
Iridocorneal endothelial syndrome
Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387
Iridocyclectomy
Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
Iris disorders
Complications of intraocular lenses. A historical and histopathological review, 1
Iris melanoma
Iris melanoma. Nevus or malignancy?, 423

K

Koller, Carl
Cocaine's use in ophthalmology: our 100-year heritage, 300

L

Lesion
The disc that really isn't (hypoplastic disc syndrome), 349
Fine needle aspiration biopsy in ophthalmology, 410
Iris melanoma. Nevus or malignancy?, 423
Management of orbital inflammatory disease. A protocol, 104
Melanocytoma: nomenclature, pathogenesis, natural history and treatment, 319
Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
The nonspecific orbital inflammatory syndromes, 93
Nuclear magnetic resonance imaging in neuro-ophthalmology. Demonstration of a pontine glioma, 79
Pitfalls in computed tomographic evaluation of the cavernous sinus, 293
Pyogenic granulomas of the cornea, 188
Standardized echography in the differentiation of orbital lesions, 226
Tumors of the optic nerve head, 239
Letters, 92, 230, 386
Leukemia
Tumors of the optic nerve head, 239
Lid retraction
Lid retraction or no lid retraction in optic neuropathy with proptosis, 443
Liposomes
Ocular drug bioavailability from topically applied liposomes, 335
Local anesthesia
Cocaine's use in ophthalmology: our 100-year heritage, 300

M

Magnocellular nevi
Melanocytoma: nomenclature, pathogenesis, natural history and treatment, 319
Medical ethics
Problems of conscience and fact: consulting on medicolegal claims, 137
What is a profession? The ethical implications of the FTC order and some Supreme Court decisions, 221
Medicolegal consulting
Problems of conscience and fact: consulting on medicolegal claims, 137
Medicolegalities
Problems of conscience and fact: consulting on medicolegal claims, 137
The retinopathy of prematurity: medicolegal aspects, 371
Melanocytoma
Melanocytoma: nomenclature, pathogenesis, natural history and treatment, 319
Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
Tumors of the optic nerve head, 239
Melanoma
Iris melanoma. Nevus or malignancy, 423
Melanocytoma: nomenclature, pathogenesis, natural history and treatment, 319
Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
Tumors of the optic nerve head, 239
Migraine
Migraine, 193
Mycosis
The diagnostic value of fungal autofluorescence, 374
Myopia
Night myopia, 129
Myositis
The nonspecific orbital inflammatory syndromes, 93

N

Necrosis
Melanocytoma of the ciliary body: presentation of four cases and review of nineteen reports, 328
Neurotransmitters
Retinal neurotransmission, 355
Night myopia
Night myopia, 129
Nuclear magnetic resonance
Nuclear magnetic resonance imaging in neuro-ophthalmology. Demonstration of a pontine glioma, 79
Nystagmus
Vertical prisms: why avoid them?, 70

O

Ocular pneumoplethysmography
Ocular pneumoplethysmography, 276
Ophthalmoplegic migraine
Migraine, 193
Optic disc
Tumors of the optic nerve head, 239
Optic neuritis
Unusual visual symptoms, 297
Optic neuropathy
Lid retraction or no lid retraction in optic neuropathy with proptosis, 443
Orbital cellulitis
Management of orbital inflammatory disease. A protocol, 104
Orbital abscess, 169

P

Perineuritis
The nonspecific orbital inflammatory syndromes, 93
Periscleritis
The nonspecific orbital inflammatory syndromes, 93
Perspectives in Refraction
Night myopia, 129
Vertical prisms: why avoid them? 70
Pharmacology
Ocular drug bioavailability from topically applied liposomes, 335
Physiology and pharmacology of aqueous humor inflow, 208
Tetracyclines in ophthalmology, 265
Phase contrast light microscopy
Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
Physiology
Physiology and pharmacology of aqueous humor inflow, 208
Pituitary adenoma
Unusual visual symptoms, 297
Plethysmography
Ocular pneumoplethysmography, 276
Posterior polymorphous dystrophy
Axenfeld-Rieger sydrome. A spectrum of developmental disorders, 387
Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
The Present Scene
The ambulatory ophthalmic surgery unit: concepts, regulations, and guidelines, 366
What is a profession? The ethical implications of the FTC order and some Supreme Court decisions, 221
Professional standards
What is a profession? The ethical implications of the FTC order and some Supreme Court decisions, 221
Proliferative vitreoretinopathy
Proliferative vitreoretinopathy and chemotherapeutic agents, 434
Proptosis
Lid retraction or no lid retraction in optic neuropathy with proptosis, 443
Management of orbital inflammatory disease. A protocol, 104
Orbital abscess, 169
The orbital inflammatory syndromes, 93
Pseudotumor
Management of orbital inflammatory disease. A protocol, 104
The nonspecific orbital inflammatory syndromes, 93
Pyogenic granuloma
Pyogenic granulomas of the cornea, 188

R

Radiographic techniques
Nuclear magnetic resonance imaging in neuro-ophthalmology. Demonstration of a pontine glioma, 79
Pitfalls in computed tomographic evaluation of the cavernous sinus, 293
Standardized echography in the differentiation of orbital lesions, 226
Reese, Algernon B.
Algernon B. Reese: a biographical sketch, 155
Relapsing polychondritis
Melting corneas with collapsing nose, 148
Retina
Retinal neurotransmission, 355
Retinal detachment
Proliferative vitreoretinopathy and chemotherapeutic agents, 434
Retinoblastoma
Tumors of the optic nerve head, 239
Retinopathy of prematurity
The retinopathy of prematurity: medicolegal aspects, 371
Retrolental fibroplasia
The retinopathy of prematurity: medicolegal aspects, 371
Reviews
Autoenucleation, 179
Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387
Complications of intraocular lenses. A historical and histopathological review, 1
Melanocytoma: nomenclature, pathogenesis, natural history and treatment, 319
The nonspecific orbital inflammatory syndromes, 93
Orbital abscess, 169
Tumors of the optic nerve head, 239
Reviews in Medicine
Migraine, 193
Rieger's syndrome
Axenfeld-Rieger syndrome. A spectrum of developmental disorders, 387

S

Scanning electron microscopy
Complications of intraocular lenses. A historical and histopathological review, 1
Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
Scintillating scotomata
Migraine, 193
Scleritis
Melting corneas with collapsing nose, 148

Self-enucleation
Autoenucleation, 179
Letters, 386
Sinus infection
Orbital abscess, 169
Standardized echography
Standardized echography in the differentiation of orbital lesions, 226
Supreme Court decisions
What is a profession? The ethical implications of the FTC order and some Supreme Court decisions, 221

T

Tetracyclines
Tetracyclines in ophthalmology, 265
Therapeutic Reviews
Ocular drug bioavailability from topically applied liposomes, 335
Ophthalmic drug delivery systems, 117
Tetracyclines in ophthalmology, 265
Thyroid ophthalmopathy
Management of orbital inflammatory disease. A protocol, 104
Vertical prisms: why avoid them? 70
Time Oph
Chic, 166
Glaucoma 2, 308
Healon, 462
A riddle: a riddle solved, 92
Thespian, 92
Transmission electron microscopy
Morphologic characteristics of posterior polymorphous dystrophy. A study of nine corneas and review of the literature, 139
Tumor (see "lesion")

U

Ultrasound
Standardized echography in the differentiation of orbital lesions, 226

V

Vertical prism
Vertical prisms: why avoid them? 70
Vestibular system
Unusual visual symptoms, 297
